Come Stand by my side where I am going, take my
hand if I stumble and fall, it's the strength that you
share when you're growing, that gives me what I
need most of all.

Friends are kind to each other's hopes.
They Cherish each others dreams.

Notes from the universe

Of course, you can't control other people. Not even a lit-
tle; not a smidgen. Every man and woman is their own
sailing vessel powered by their own thoughts, emotions
and imagination. You can't improve their smile, nor even
add to their woes, unless, at some level, **they let you**.
So, does that pretty much clear up the affect others can
have on you?
