**WHAT DOES "A SPIRITUAL CENTER" MEAN TO ME**

I find myself getting choked up thinking about what the Spiritual Center means to me. I guess the brief answer is that "It feeds my Soul". I truly missed it when I was out of the valley for 6 months last year. I never found anything that even came close! As a result I have come to feel that 'A Spiritual Center' is a truly unique group of souls that have come together in human form having agreed to nurture, nourish and support this journey we have chosen to remembering our DIVINITY and ONENESS.

In Spirit,  
Cheryl

"The Spiritual Center has been a wonderful place for us to celebrate and to share our spiritual journeys with a group of loving, like-minded people. We always come away from gatherings feeling uplifted and inspired."
